Dear Friends,

Hibernation is tempting. It's cold, you're just coming back after the holidays, and maybe you took a little "news vacation". We all need a break sometimes. But now it's a new year and we are swinging into action! There is a primary election looming, and that means that the League of Women Voters must do its job of making sure citizens have access to their own government and it's workings. To start 2018 off with a bang, we will be participating in a "March to the Polls" on January 20th. Watch your emails for more details about LWV participation in this important event and get your long underwear ready.

For those of you who are new to the League and looking for ways to get involved, I urge you to contact Voter Service chair Carole Weber and find out how you can help during this busy election cycle. There is no better way to jump in.

After the march, it's on to Program Planning Jan 31 Potluck. See details in this newsletter about this important yearly event where we set the tone for the LWV year.

Finally, we can never emphasize enough how EVERY contribution you make to our small organization helps us to do a better job. Thanks to our friendly gift wrappers who helped out at our Barnes & Noble fundraiser: Dianne Schmidt, Carole Weber, Dolly St. Clair, Dia Morgan, Maggie Dolan, Diane Freeman, Linda Lin, Patty Marfise-Patt, Debbie De Palma, Cathy Brackett, Nancy Kreloff & Linda Alexander. Special thanks to Stacy Powers for organizing the event. Each time

you participate in LWV activities, whether its wrapping, marching, or passing out programs at a candidate forum, you send a message to the community that the League is there, paying attention to issues and helping others to do the same. That is no small feat.

As we head into our LWV 100th anniversary (2020), we need to support our mission and make a lasting impact on our democracy. This is a function that each league does at their local level. This process is important on the national, statewide, and local levels. It will help our league to focus on those steps and projects contributing to our national, state and local objectives.

The program planning process is one of the important ways we focus our grassroots work to align the organization on our issue priorities and our mission. See LWVUS Bylaws, Article XII, Principles and Program, for requirements for the program planning and adoption process. Program planning will culminate with adoption of a program of education and action at Convention 2018 in Chicago, IL. To learn more about the process go to:

Voter Service/Registration

Nancy Kreloff/Carole Weber

Let's resolve to make 2018 a better-than-ever year for voter participation in our local communities, in our state, and in our country. Happy New Year to all our Leaguers!!

With the holiday season a warm memory, we can now begin to turn our attention to a new year...and the beginning of a new election season.

Deputy registrars, have you remembered to renew your commission? This expired in December of 2016, and most of you have renewed through the Cook County Clerk's office. If you have neglected to do so, please visit the Clerk's website cookcountyclerk.com to begin the process. If you need help with this procedure, Nancy Kreloff will be happy to get you started.

We have already begun to register new voters! **Nancy Kreloff & Carole Weber** visited the Glenbrook High School Off-Campus site and Evening School, and we registered 14 eager students. What a thrill for these new voters!! We are also planning to hold voter registration sites at local high schools and retirement communities in January and February. Be on the look-out for these events as we firm up our dates and times.

BY THE NUMBERS from LWVUS:
We tallied all the figures, and the final numbers just blew us away! Thanks to the involvement of 9,631 volunteers from 2,851 partners across the country, we collectively gathered 124,290 new or updated voter registrations. Both of these numbers far exceeded our original goals of 2,000 partners and 75,000 registrations. We thank you and everyone who engaged in the work of National Voter Registration Day.

Under the constitution, our courts are obliged to provide equal justice regardless of wealth, status, or political connections. But in a new report, the latest in the series *The Politics of Judicial Elections*, we found that the integrity of our state supreme courts is increasingly under threat from a torrent of special interest money, often from secret sources. Using data from every state supreme court election in the most recent 2015-16 cycle, the report is the only comprehensive analysis of these and other trends, and includes examples of what big spenders hope to achieve, the kinds of ads they fund, and the threats they pose to the appearance and reality of evenhanded justice.

My Experience Taking Moderator Training Workshop

Linda Alexander

Last year I volunteered at the Northbrook Library as a timekeeper for a Candidate Forum. The experience was very rewarding. Therefore, when I found out that the LWVIL was going to hold a Moderator Training Session I knew I had to participate. On Sat Nov 4th I attended the LWVIL Moderator Training Workshop. Missey Wilhelm, former LWVIL Voter

2018 JANUARY VOTER/CHALLENGE

EDUCATION * ADVOCACY * TARGETED ACTIONS

Service Chair and experienced trainer, conducted the workshop. I and 30 other women spent four hours learning about what was required to become a LWV Moderator.

We learned the difference between a Forum (A public meeting place for open discussion or lecture involving audience discussion) and a Debate (a regulated discussion of a proposition between two matched sides).

A good Moderator:

- has no personal relationship to the candidate(s),
- keeps her views on the issues to herself,
- can handle unexpected occurrences that may pop up, and
- is not a voter in the local district.

Prior to the event a Moderator needs to know the candidate(s), the issues involved, anticipate audience questions and be prepared for whatever can go wrong.

I'm excited about the up coming Mid-Term elections and looking forward to the experience of being a LWV Trained Moderator.

The LWVIL Education Fund is in the process of signing a contract with BallotReady. BallotReady is an online voter guide. Voters will be matched with their polling place and can choose whether to vote early, on Election Day or by mail. Early voting starts on Feb 8th. The website is scheduled to become active on Feb 1st.

Early voting starts 2/8/2018, and this website is targeted to be online by 2/1/2018, although it may not be completely populated. Remember to check with your local election authority about the actual dates when early voting will take place. If you have any questions about this

LWV Supports the Kids: Juliana v United States

Monday, December 11, a panel of the 9th Circuit Court of Appeals in San Francisco will hear oral arguments in Juliana v. United States, the **climate change** lawsuit brought by 21 youth plaintiffs alleging that the government is violating their constitutional rights by promoting the development and use of fossil fuels, despite knowing for decades that fossil fuels are destroying the climate system.

The appellate panel will be considering whether to grant the Trump administration's petition to review the Oregon District Court's decision not to dismiss the case. (The District Court had denied the government's motion to dismiss and set a **February 5, 2018**, trial date.) The administration contends that proceeding to trial would entail a discovery process that would be onerous to the federal government.

The LWVUS and LWV Oregon have filed an amicus brief in opposition to the Trump administration's petition. This is the second brief filed by Leagues in this case. The first brief was filed in support of the youth plaintiffs when the case was before the District Court in fall 2016. This second brief is one of eight briefs from legal scholars, legal

nonprofits, and religious, women's, libertarian, and environmental groups filed with the appellate court. The Leagues argue that (1) it is the proper role of the District Court to serve as a check and balance on the political branches of government, (2) the urgency of the case justifies proceeding directly to trial, and (3) the District Court properly recognized the youth plaintiffs' standing in bringing the case.

\$192,000 Spent On Amtrak Lobbying Without Council Approval

By [Jonah Meadows](#), [Patch Staff](#) | Dec 19, 2017 9:23 pm ET | Updated Dec 20, 2017 7:29 pm ET

Lake Forest aldermen met for hours in closed session to discuss “personnel matters” after Monday’s finance committee meeting.

LAKE FOREST, IL — The revelation that Lake Forest paid more than \$192,000 to lobbyists to push for an Amtrak stop without approval from the City Council has prompted a review of how the city handles spending. Following a finance committee meeting Monday night, the Council met in closed-door executive session for more than six hours

over two days to discuss "personnel matters related to these lobbyist expenses," according to Mayor Rob Lansing.

Lansing acknowledged the previously undisclosed payments at the [Dec. 4 City Council](#) meeting. During the meeting, several members of a local community group called Citizens for ACTION (Alliance to Control Train Impacts on Our Neighborhoods) accused city staff of misleading the public and hiding the fact it hired a lobbyist.

They expressed fears the city was making a secret deal to let transportation authorities build a two-mile holding track to allow passenger trains to pass slower freight trains adding additional Amtrak trains between Chicago and Milwaukee in exchange for adding an Amtrak station on the west side of Lake Forest.

"This project has been beset by concealment and misrepresentation, practically from the beginning" said David Tanaka. "These disclosures were not the result of compliance by the City of Lake Forest with the public record acts, despite our numerous requests."

City Manager Bob Kiely said last week he authorized more than 18 months of payments to the Washington, D.C.-based lobbying firm Chambers, Conlon and Hartwell [without City Council approval](#), the Lake Forester reported. Kiely said the firm was chosen because of its transportation expertise. It also has represented Metra and regional railroads.
